

9 April 2020

Implementation of Container Reuse and Exchange Fee

In line with our initiatives of simplification and ease of doing business, recently, Sealand – A Maersk Company Asia has introduced [MATCHBOX Exchange](#) which provides 24/7 instant response for container reuse and exchange requests. This system is link to our internal system with aim to provide seamless experience to our customers.

Available Services	Cost (Per Container)	
Container Reuse	MYR100 per reuse	Best for customers with both import and export opportunities, allowing you to reuse an import container to an export booking
Container Exchange	MYR50 per exchange	Best for customers with either import or export opportunities, allowing you to offer an empty container to another customer, or accept an empty container from another customer (triangulation)

However, we understand that you might still prefer to continue submitting your requests via email. While we will continue to accept the requests, it requires additional resources which in return incurred cost. Due to this, effective **1st May 2020** - we will be implementing container reuse and exchange fee which will be billed under charge name Additional Service Export (ASE). Quantum for manual requests will be similar to the amount chargeable by MATCHBOX Exchange above.

We thank you for your on-going and valuable support. Should you have any questions, concerns or clarifications, you may reach out to the Sealand – A Maersk Company Asia office.

Best Regards,
Sealand – A Maersk Company Asia
