

April 15th, 2025**Update - WDF (Weight Discrepancy Fee)**

Dear Customer,

Following our continued efforts to enhance safety of our operations and drive higher reliability of our network, we need to update rules regarding weight discrepancy and consequences of non-compliance.

Effective 15th Oct 2024, all origins will be subject to the following Weight Discrepancy Fee (WDF):

Charge Code	Origin	Destination	Container Size/Type	Weight Discrepancy	Rate	Currency	Charge Basis
WDF	World	World	Any DRY, REEFER, OPEN TOP, FLAT RACK Size	+ - 3,000 KGS	300	USD	Per Container
WDF	World	World	Any TANK Size	+ - 5,000 KGS	300	USD	Per Container

The WDF is applicable to each container where:

1. The difference (positive or negative) between the VGM weight (shipper/terminal) and SI Weight is greater than 3,000 KGS for DRY, REEFER, OPEN TOP & FLAT RACK containers and 5,000 KGS for TANK only.
 - o Discrepancies will be measured based on FIRST/INITIAL SI submission.
 - o SI Weight is equivalent to cargo weight + container tare weight (auto generated when container is linked).
 - o Declare cargo weight and container tare weight separately during SI submission.
2. The VGM weight (shipper/terminal) is greater than the maximum gross weight of the container, (as per CSC plate (Max Payload + Tare weight).
3. The VGM weight (shipper/terminal) is lesser than container tare weight.

These changes are part of our ongoing efforts to ensure compliance with international shipping standards and to enhance safety. The accuracy of weight during our operations is crucial to avoid incidents and for us to be more efficient, as it allows us to plan, in advance, how to better load, accommodate, and discharge each container in our vessels.

Should you have any questions or require further information, please do not hesitate to contact your local Maersk representative or reach out via [Maersk.com](https://www.maersk.com).

Our teams are always standing by to assist whenever possible.

Please feel free to reach out to your [local Maersk Customer Service representatives](#)

Sincerely,
A. P. Moller – Maersk
