

MAERSK CANADA LOCAL ACCESSORIAL CHARGES & FEES

Charges code	Local Term	Description	Application (USD)	Notes
DRP	Drop Off Charge (Imports)	It is a VAS, applied when the carrier allows the drop off empty container at a different location from the one stated on B/L as place of Delivery. It applies only to MH containers and only for import cargo. It can also be a penalty surcharge (in case the customer dropped off the empty container to a different location without consulting the carrier first). It covers the unit empty positioning cost.	IHE / Per Container	subject to the IHE cost to return to a local terminal or depot
PIC	Pick-Up Charge (Exports)	It is a VAS, applied when the carrier allows the pick up of the empty container at a different location from the one stated on B/L as place of Receipt. It applies only to MH containers and only for export cargo. It can also be a penalty surcharge (in case the customer picked up the empty container at a different location without consulting the carrier first). It covers the unit empty positioning cost.	IHI / Per Container	subject to the IHI cost to return to a local terminal or depot
ILH	Import Landside Haulage	It covers the cost of inland transportation (via truck, rail or barge) from the terminal to customer's premises or to an inland CY (container yard) location, in the cases that the customer asked for the inland transportation when the container was on water (or at any point before the gate-out move). It applies to conversion of CY bookings to SD.	Per Container	The IHE or IHI rate would apply based on the location. - CK upstelling
ODC	Origin Dangerous Cargo Service	It covers the additional cost involved to move dangerous cargo from an inland location to the terminal. The additional cost usually involves special license or permits or the use of specialized vendors with certain specifications.	\$175 / Per Container	
DDC	Destination Dangerous Cargo Service	It covers the additional cost involved to move dangerous cargo from the terminal to an inland location. The additional cost usually involves special license or permits or the use of specialized vendors with certain specifications. In case of manual import shipments, please use IAI to recover the extra cost.	\$175 / Per Container	
ICE	Inland Cancellation Fee Export	It is a penalty fee and it covers the cost of the futile trip on the export move. The fee applies only in case the futile trip was due to customer's responsibility (e.g. Cargo was not ready). Different countries have different rules on till when we can accept cancellation requests	\$150 / Per Container	Applicable to any cancellation within 72hrs of the pickup date
IDC	Inland Cancellation Fee Import	It is a penalty fee and it covers the cost of the futile trip on the import move. The fee applies only in case the futile trip was due to customer's responsibility. Different countries have different rules on till when we can accept cancellation requests	\$150 / Per Container	Applicable to any cancellation within 72hrs of the pickup date
CID	Change of Inland Destination	It covers the service fee for changing the final inland destination (upon customer's request) when the container is on water, provided the discharge port remains the same. Any potential increase in the intermodal cost should be covered via IHI (and/or IAI)	IHI/ IHE / Per Container	Admin Fee
TRE	Triaxle Chassis Export	It is a VAS offered for overweight cargo. It covers the supply of tri-axle chassis for the export inland move. Tri-axle chassis allow to load more cargo in the container that would be otherwise legally accepted at the origin country	Line Haul ON - QC \$600 CB - \$600 / Per Container	See Maersk weight tool/matrix for breakdown
TRI	Triaxle Chassis Import	It is a VAS offered for overweight cargo. It covers the supply of tri-axle chassis for the import inland move. Tri-axle chassis allow to load more cargo in the container that would be otherwise legally accepted at the destination country	Line Haul ON - QC \$600 CB - \$600 / Per Container	See Maersk weight tool/matrix for breakdown
OSC	Origin Specialised Chassis	It is a VAS offered for overweight cargo. It covers the supply of special chassis (except for tri-axle) for the export inland move. Special chassis includes but not limited to: point lock fixed trailer; Sliding bogie trailer; Multi-function trailer; Slope frame ISO tank; Tipping trailer; Side loading trailer; low-bed-chassis. Special chassis allow to load more cargo in the container that would be otherwise legally accepted at the origin country	\$2000 / Per Container	For extreme overweight
DSC	Destination Specialised Chassis	It is a VAS offered for overweight cargo. It covers the supply of special chassis (except for tri-axle) for the import inland move. Special chassis includes but not limited to: point lock fixed trailer; Sliding bogie trailer; Multi-function trailer; Slope frame ISO tank; Tipping trailer; Side loading trailer; low-bed-chassis. Special chassis allow to load more cargo in the container that would be otherwise legally accepted at destination country.	\$2000 / Per Container	For extreme overweight
MSE	Multi Stop Service Exports	It covers the service of stopping to additional places to load additional cargo during a carrier haulage export move (from the initial stuffing point to the terminal). The surcharge covers only the administrative fee, while the potential additional transportation cost should be covered via IAE surcharge	\$150 / Per Occurrence	* If the location is within 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location (Zone 1 & 2 If Toronto and Montreal) . **Off-route mileage if outside 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location will be \$1500/ KM for every additional KM x2.
MSI	Multi Stop Service Imports	It covers the service of stopping to additional places to unload additional cargo during a carrier haulage import move (from the terminal to the final stripping point). The surcharge covers only the administrative fee, while the potential additional transportation cost should be covered via IAI surcharge	\$150 / Per Occurrence	* If the location is within 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location (Zone 1 & 2 If Toronto and Montreal) . **Off-route mileage if outside 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location will be \$1500/ KM for every additional KM x2.
WTO	Waiting Time Origin	It is a penalty fee applied when the truck has to remain in customer's premises for more time than the agreed free time to stuff and load the container. The agreed free time differs from area to area and it is based on the procured cost and on the common market practice	\$125 / Per hour	Waiting time is calculated at 15 min intervals. 2 HR FREE at pickup.
WTD	Waiting Time Destination	It is a penalty fee applied when the truck has to remain in customer's premises for more time than the agreed free time to unload and strip the container. The agreed free time differs from area to area and it is based on the procured cost and on the common market practice	\$125 / Per hour	Waiting time is calculated at 15 min intervals. 2 HR FREE at delivery.
OGS	Cooling service - Origin	It covers the supply of a genset (or any other cooling device) for the export inland move of reefer containers. The genset (and any other cooling service) provides a constant power supply to regulate the temperature of the reefer container. It is mandatory to provide a genset for reefer cargo if the inland transit time is more than 6 hours	\$200 / in transit local /Per day storage	Genset is included in the IHI or IHE/ Reefer Yard Storage is the same per day includes monitoring
DGS	Cooling service - Destination	It covers the supply of a genset (or any other cooling device) for the import inland move of reefer containers. The genset (and any other cooling service) provides a constant power supply to regulate the temperature of the reefer container. It is mandatory to provide a genset for reefer cargo if the inland transit time is more than 6 hours	\$200 / in transit local/ Per day storage	Genset is included in the IHI or IHE/ Reefer Yard Storage is the same per day includes monitoring
HWE	Heavy Weight Surcharge - Export	This service covers the additional operational expenses incurred at Origin for handling heavy cargo that weighs more than the standard limit for a shipment. The carrier can provide this service as long as the cargo does not weigh more than the legal safety limit. This service is applicable to heavy weight shipments that are within legal limits allowed for transport. These limits may vary among the countries.	PRR E VNR \$600 / MON \$390 / Per Container	See Maersk weight tool/matrix for breakdown
HWI	Heavy Weight Surcharge - Import	This service covers the additional operational expenses incurred at Destination for handling heavy cargo that weighs more than the standard limit for a shipment. The carrier can provide this service as long as the cargo does not weigh more than the legal safety limit. This service is applicable to heavy weight shipments that are within legal limits allowed for transport. These limits may vary among the countries.	PRR E VNR \$600 / MON \$390 / Per Container	See Maersk weight tool/matrix for breakdown
IBC	Transfer to Bonded Warehouse Service	It covers the administrative cost to arrange the transfer of a container to a bonded warehouse. The actual transportation cost from/to terminal to/from the bonded warehouse should be covered via IHE/IHI	\$150 / Per Occurrence	Domestic Canada, US and Mexico in bond move / will apply to all Alcohol loads.
XBC	X-border charge	It covers the additional administrative and operational cost to move a container across country borders. It applies to both MH and CH cargo	Per Occurrence	Canada, US and Mexico in bond move cross border / inspection fee
HDE	Lift On Lift Off Export	It is a pass through charge which covers the container lift-on /lift-off the trailer or chassis at the port or at inland container yard for export moves.	\$35 / Per Container / Lift	At the depot or carriers yard
HDI	Lift On Lift Off Import	It is a pass through charge which covers the container lift-on /lift-off the trailer or chassis at the port or at inland container yard for import moves.	\$35 / Per Container / Lift	At the depot or carriers yard

MAERSK CANADA LOCAL ACCESSORIAL CHARGES & FEES

Charges code	Local Term	Description	Application [USD]	Notes
IWO	Container Weighing – Origin	It covers the service to move the container to a weight station, as well as the VGM weighing service on the export side in order to confirm the actual container weight.	\$100 / Per Container / Per Occurrence	Admin fee plus IHE or IHI will apply
WHE	Weekend and Holiday Haulage Export	It is a VAS and it covers the additional cost involved in the export inland move, when we perform the service outside normal working hours (including weekends and public holidays)	\$250 / Per Occurrence	6pm to 6am or Agreed upon terms
WHI	Weekend and Holiday Haulage Import	It is a VAS and it covers the additional cost involved in the import inland move, when we perform the service outside normal working hours (including weekends and public holidays)	\$250 / Per Occurrence	6pm to 6am or Agreed upon terms
EDC	De-coupling Export	It is a VAS, applied when the trucker leaves the container (and the chassis when relevant) at the customer premises and (s)he collects the stuffed container later the same day or the day after. It should cover the cost of the second trucking trip only and applies for export moves.	IHE / Per Day	**2 Calendar Days free included if the location is within 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location: (Zone 1 & 2 # Toronto and Montreal) Double the IHE rate if outside 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location.
IDC	De-coupling Import	It is a VAS, applied when the trucker leaves the container (and the chassis when relevant) at the customer premises and (s)he collects the empty container later the same day or the day after. It should cover the cost of the second trucking trip only and applies for import moves.	IHI/IHE / Per Day	**2 Calendar Days free included if the location is within 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location: (Zone 1 & 2 # Toronto and Montreal) Double the IHE rate if outside 30 KM's of a Maersk Depot or Satellite Depot or agreed upon location.
SDE	Additional driver Export	It is a VAS covering the cost to use an additional driver for the inland export move, in order to reduce the transit time of long haul trucking corridors (in many countries there are regulations in place regarding the maximum amount of hours the drivers are allowed to drive)	Request rate / Per Occurrence	
SDI	Additional driver Import	It is a VAS covering the cost to use an additional driver for the inland import move, in order to reduce the transit time of long haul trucking corridors (in many countries there are regulations in place regarding the maximum amount of hours the drivers are allowed to drive)	Request rate / Per Occurrence
