

Great journeys start with clear Shipping Instructions

Presenting the new Shipping Instruction experience*

* Currently, the experience is available
for single-container shipments.

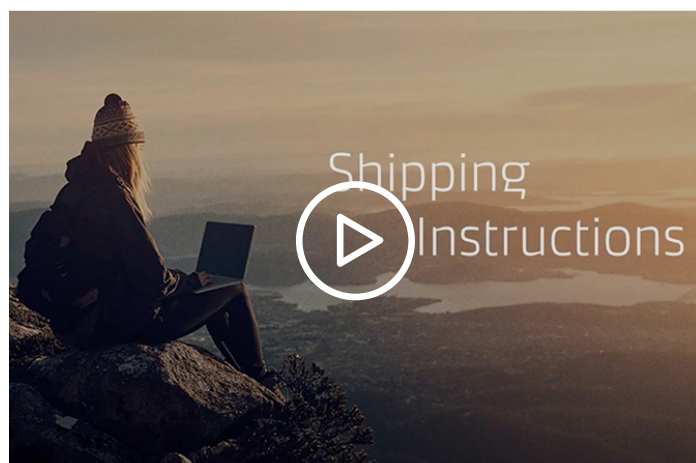

Shipping instructions is your first step towards ensuring a smooth journey for your cargo; so, we want to make sure that it's done correctly.

A few months ago, we started our 'routine SI maintenance', which grew into a full-fledged revamping project aiming at better efficiency.

We are excited to present the new Shipping Instructions experience that promises flexible interactions and a faster journey to your Bill of Lading.

What's new

- 1. Easy switching between the steps**
The new experience lets you move between steps in whichever order you prefer.
- 2. Pick up where you left off**
The new design saves everything as you go to avoid repeat input.
- 3. Prompts on mandatory information**
Missing details are highlighted so that they can be resolved faster.
