

 Unlock ease and flexibility for your small cargo

Connecting India to the world with
Maersk LCL.

The smallest cargo can sometimes have the biggest impact on your business. This requires you to ship smaller volumes when needed while navigating supply chain challenges such as global disruptions, fluctuating demands and managing with multiple vendors. A lack of price transparency and real-time visibility add to the uncertainty.

Ship your small cargo to and from India seamlessly with Maersk LCL. Benefit from our efficient port-to-port delivery across global routes with fast transit times. With over 100 years of logistics experience and a strong global network, we ensure reliable schedules and services for your LCL cargo.

Explore our LCL key destinations for India

From	To	Transit time
Shanghai	Nhava Sheva	19 Days
Shanghai	Ennore Chennai	14 Days

Shanghai	Colombo	18 Days

Taking complexity out of the equation

Maersk LCL simplifies the shipping of small-sized cargo with easy booking on digital platforms and instant prices. Get the flexibility to ship smaller volumes when needed across all transport modes, helping you maintain lean inventories. We consolidate multiple shipments into a single container, allowing you to optimise costs.

Maersk LCL provides:

Real-time tracking of in-transit cargo for complete visibility

Simplified CFS (Container Freight Station) charges due to shared container space

Efficient movement on land with first and last mile delivery

Safe handling and secure delivery of your cargo

Leverage the power of one, all the way

With Maersk LCL, we provide a single point of contact for all your shipping needs, eliminating the need to interact with multiple vendors. Integrate your LCL bookings with our value-added services such as customs and inland transportation to enhance the efficiency of your cargo journeys.
